

Rockingham – Fashion Mall Activation Site

This activation site is located in our Fashion Mall Precinct of the centre. There are 2 mini majors in this mall being JB Hi-Fi and City Beach, with Ozmosis due to open in August/September this year.

A retail media banner hanging in this mall can be seen from Jamaica Blue in the food court and from inside our upgraded restaurant precinct on Syren Street making this site a prime opportunity for brand awareness. The mall is busiest at the later part of the week as it is a designated fashion shopping precinct.
